# CCS is already happening and maturing around the world

## World map of large-scale CCS projects\*

active projects and projects in the pipeline (2016 status)

### Global CCS Institute 2016:

Global Status (2016). Vol. 2. Projects, Policy and market

Power generation Natural gas processing Synthetic natural gas Fertiliser production Hydrogen production Various

#### **Industry sector**

Coal-to-liquids (CTL) Chemical production Iron and steel production Oil refinery Not specified

### Storage type

- $\triangle$  Deep saline formations
- Enhanced oil recovery (EOR)
- ☆ Depleted oil and gas reservoirs
  ◇ Various options considered/ not specified
